Public Comments On Referral Information:	Assess-API-A: 0 Assess-API B: 67 Assess – PER: 10 Do Not Assess: 0 TOTAL COMMENTS: 77
---	---

Explanation of Decision: Assessment at the level of API Category A is warranted as: the proposal raises a limited number of preliminary key environmental factors that can be readily managed, at this stage appears to be consistent with established EPA policies and guidelines, the proponent has conducted appropriate stakeholder consultation, and there is limited or local concern about the likely effect of the proposal, if implemented, on the environment.

Determination: Assess: Assessment on Proponent Information (Category A) (Assessment No. 2081).

No appeals.
