Marine Environmental Quality; Marine Fauna; Benthic Communities and Habitat.

Potential Impacts to marine environmental quality, marine fauna, benthic communities and habitat from maintenance dredging activities.

Do not assess 0
Assess – Assessment on Proponent Information (API) category A (no public review) 1
Assess - Assessment on Proponent Information (API) category B (environmentally unacceptable) 0
Assess – Public Environmental Review (PER) 1
TOTAL COMMENTS 2

The EPA considers that the proposal is unlikely to have a significant effect on the environment and does not warrant formal assessment. The potential impacts can be adequately managed to meet the EPA’s objectives through the implementation of the proponent’s environmental monitoring and management plan and regulated through other statutory processes.
